WE ARE HERE TO FULFILL YOUR DREAMS

Introduction:

We, **NDR Labels**, is a revolutionary name, which has stroke new height of accomplishment in manufacturing and supplying of **Labels**. The products we offer conform to the international quality standards and offer performance for a long period of time. With our principled trade practices and dealings, we have reinforced our place in the marketplace as a supreme manufacturer of **Printed Labels** in **Bangalore, India**. Our company has achieved a competitive edge because of our amalgamate excellence and superiority.

We have showcased extensive techniques in this division from being a sheer service provider of Labels to a leading manufacturer of Industrial Labels. Strong support of extremely innovative, technically advanced machinery is the main benefit of our business. We seek to go beyond the levels of prospect of the clients by making additions to our quality, pace and competence. All our products are made using the best grade raw material procured from the reliable vendors in the industry and latest methods of production. We also customize the products as per the specific requirements of the customers to accomplish the customers' need.

We have also increased specialty in the dealing of Automotive Labels and Adhesive Paper Labels. Last but not the least, we have obtained spirited edge in the market and has sustained long-term affiliation with our honored clients.

A collection of dome-shaped labels featuring various logos including Rotary, Energy Star, Lucas, and MAKO. One label prominently displays the Athena Technology logo with the website www.athenatechs.in.

Dome Labels

A collection of self-adhesive polyester labels. One label features a grid of RoHS (Restriction of Hazardous Substances) logos. Another label features the Dymo logo with the text "ALWAYS USE AUTHENTIC DYMO LABELS".
